

Frequently Asked Questions

1. What is the Indiana Drug Card?

Indiana Drug Card is a **FREE** statewide discount prescription assistance program. The program was launched to help uninsured and underinsured residents afford their prescriptions.

2. Who is eligible to participate in the Indiana Drug Card program?

Every resident of Indiana is eligible to receive a **FREE** prescription drug card.

3. How do Indiana residents get an Indiana Drug Card?

Indiana residents can print a card by visiting the programs website www.indianadrugcard.com. There will also be distribution sites set up across the state where residents can obtain a free card. Anyone not able to print, or otherwise obtain a card, can simply visit any CVS/pharmacy in Indiana and ask the pharmacist to have the prescription processed through the Indiana Drug Card program.

4. How can Indiana Drug Card provide free cards to residents?

This statewide prescription assistance program is made possible and funded through the support of pharmacies and pharmaceutical companies.

5. Can this program be used by people who have insurance with prescription benefits?

This program was launched to help the uninsured people of Indiana afford their prescriptions. However, people with insurance can also use Indiana Drug Card to get a discount on non-formulary medications (drugs that are not covered by their insurance).

6. What makes Indiana Drug Card different from other prescription assistance plans?

- No enrollment forms
- No restrictions to participation
- No eligibility or income requirements/limitations
- No waiting periods
- No age restrictions
- No exclusions
- Includes pre-existing conditions
- No claim forms to file
- No annual or lifetime limits
- Includes discounts on brand and generic medications
- Open formulary so that all medications are eligible for discounts
- Confidentiality: No personal information will be sold, shared, or distributed.

7. What type of discounts can you expect when you use this card?

Average savings are roughly 30% with savings on some medications as high as 75%.

8. What prescriptions are discounted with this program?

This program has a "LOWEST PRICE" feature that provides cardholders the lowest plan price on prescriptions at participating pharmacies (Medication Pricing/Discounts are calculated on the plans lowest negotiated contract price and the pharmacy's "usual and customary" price). See sample savings below:
